

Paper Rockets

SUPPLIES:

- Thin Straw
- Thick Straw
- Rocket Template
- Tape
- Scissors
- Makers/Crayons/Colored Pencils

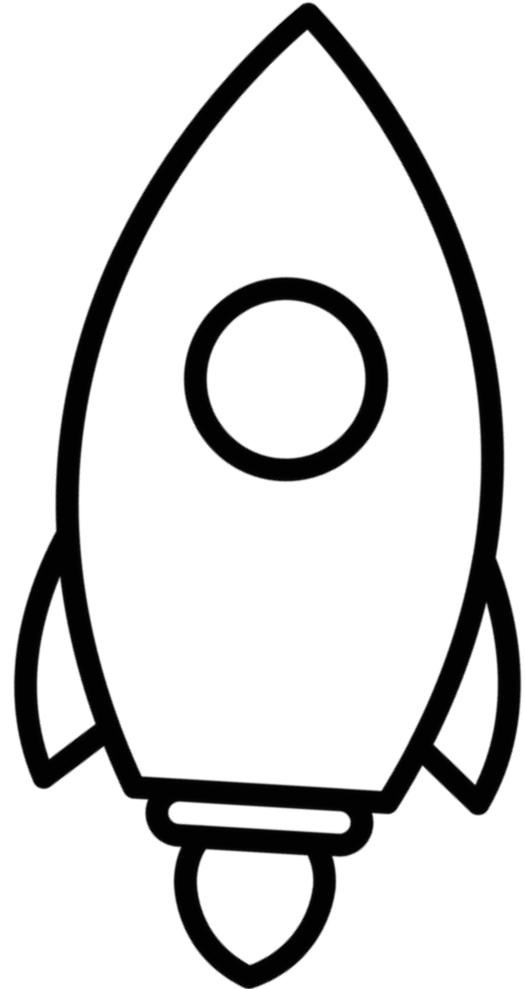

Color and cut out your rocket template

Cut a 2 inch long segment of the thick straw. Use tape to seal off one end of the straw so that no air can pass through

Tape the straw segment to the back of your rocket. (With the closed side of the straw at the top of the rocket.)

Slide your thin straw into the thick straw.

Blow through the thin straw to launch your rocket.
