

The Three Little Pigs Engineering Challenge

SUPPLIES:

Straws
Craft Sticks
Tape
Blocks or LEGO (you can even use books)

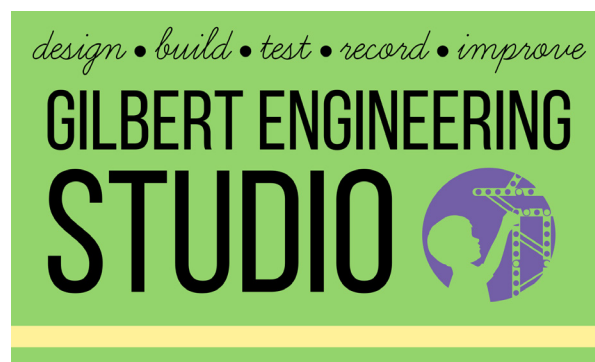

Fold and tape the Three Little Pigs characters into triangles so that they can stand on their own.

Build a house for the first little pig using **straws** and **tape**.

Build a house for the second little pig using **craft sticks** and **tape**.

Build a house for the third little pig using **blocks** (wood blocks, LEGO, books, or whatever is available).

Blow on each house as hard as you can. Which house is the strongest?
