

Oregon the Place I Love

Vera Medyanikova

*Kennedy Elementary School
Salem-Keizer Public Schools*

What I like about Oregon is that in fall the leaves are beautiful. When it rains in spring it lets the flowers bloom. In summer it is not too hot and not too cold. I also like that we have grass and trees in any season.

We have water, lakes and ocean to swim. Also we have the sun which gives plants food. We also have fruit and veggies.

Last,

We have air that is fresh. I also like the big fields.

Oregon the place I love.
