

Paper Bridges

SUPPLIES:

- 3 sheets of paper
- Tape
- Books or Blocks
- Small toys or coins to test the bridge

Instructions:

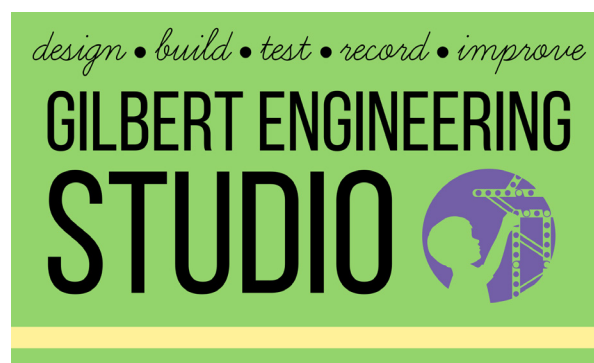

Fold the first piece of paper in half, lengthwise and secure it with tape.

Fold the second piece of paper into fourths, lengthwise and secure it with tape.

Lay each piece of paper across a gap formed by books or blocks.

Stack small toys or coins on each bridge. How many items can each bridge hold?

Can you create another paper bridge that holds even more items?
