

# Straw Bridges

## SUPPLIES:

- Straws
- Tape
- Scissors
- Books or Blocks
- Small toys or coins to test the bridge

## Instructions:

Design a bridge using straws and tape that can span a gap.

You can use the Truss Bridge designs for inspiration.

When you complete your bridge, lay it across a gap formed by books or blocks.

Stack small toys or coins on each bridge.  
How many items can each bridge hold?
